Subject: **Expression of Interest in Summer Internship Opportunity**

Respected Mr. Internship Coordinator,

I hope you are doing well.

I am writing to express my interest in a summer internship opportunity at your company. I am currently pursuing a B. Tech in Computer Science and Engineering at VIT Bhopal University and will be graduating in the year 2029, and I am eager to gain practical industry experience and further develop my technical skills in a professional environment.

I have a strong interest in areas such as programming, problem solving, and emerging technologies, particularly Artificial Intelligence and Machine Learning. Through my academic coursework and self-learning, I have been building my knowledge in computer science fundamentals and related tools. I am keen to apply my learning in a real-world setting and to contribute meaningfully while also learning from experienced professionals.

I would be grateful for the opportunity to be considered for any suitable summer internship roles at your organization. I am confident that such an experience would help me grow both technically and professionally.

Please let me know if there are any current openings or application procedures that I should follow. I would be happy to provide any additional information required.

Thank you for your time and consideration. I look forward to hearing from you.

Yours sincerely,
Debayan Mitra
